Welcome Message

“
Your life-changing career
as a doctor
starts here today!”

Dr. Lau HM - Founder of Medic ED

Congratulations on completing high school. We know it has been a long, difficult path to get to this point, but you have made it to the beginning of a life-changing experience.

What we hope for now is the best next stage of your education life especially if you've taken the decision to be a doctor.

We as doctors now have only this advice to share that you've been blessed to be on this path. Respect the responsibility you've been given and always treat your patients as you hope to be treated.

Now go out there and be the best doctor you can be!

One-stop centre

Medic Ed is your trusted medical education consultant firm.

Medic Ed consultants can help you to find the right medical university. Founded by a doctor and powered by a group of medical practitioners, this company has been around for seven years and has 13 branches in Malaysia with 16 qualified doctors. It was awarded the SME 100 fast moving companies in 2008 and has received ISO 9001:2008 certification.

Medic Ed managing director Dr Lau H.M. said: "Medic Ed is not a company that only arranges a student's overseas study programme. We assure our clients that all the universities we represent are recognised by the Malaysian Government and students are able to complete their education in RM200,000. About 70% of Medic Ed clients apply to study in Russia."

The degrees from the universities represented by Medic Ed are recognised by the Public Service Department and the Malaysian Medical Council.

"Make sure the agents are able to show the letter of authorisation from the universities, check particularly for details like the fees stated in the letter, date of commencement, the course offered and the date of issue of the letter," advised Dr Lau.
